

Product Information

Universally applicable double-sided adhesive tape with an excellent initial tack.

The synthetic rubber offers a limited resistance against temperature and plasticisers.

POLI-FIX 326 guarantees an adhesion on unpolar surfaces such as polyethylene and polypropylene.

Especially to be emphasised are the following properties:

- Mounting of foam, felt and fabric.
- Mounting of displays, product samples, paper, carton and synthetic materials.

Technical Data

Carrier:	Fleece
Adhesive:	Synthetic rubber
Liner:	Silicone-paper, yellow (95 g/m ²)
Adhesion [N/cm]:	8,50 +/- 10 %
Thickness [mm]:	0,10 +/- 5 %
Temperature resistance [°C]:	-20 / +70

Standard Dimensions

1.500 mm x 100 m

1.500 mm x 50 m

Safety Data Sheet

When used under normal conditions, this product does not generate or release any dangerous substances or hazardous chemicals. This is a non-hazardous product in accordance with the current GefStoffV and EU criteria. Therefore it is not necessary to prepare a Material Safety Data Sheet for this product. The Safety Data Sheet serves only to comply with the regulation to supply information in accordance with REACH Regulation (EC) No. 1907/2006 and is available on request. This product is not a hazardous product with regards to transportation legislation; neither does it contain substances that are hazardous to water within the meaning of the federal water act. After use, dispose of the waste product in accordance with the local / national authorities.
